Graduate Certificate in Water, Sanitation, and Hygiene

Verification Form

This certificate is offered by the Rollins School of Public Health. Completion of the certificate requirements will be verified as follows:

- The student's transcript shows that he/she has completed a minimum of 12 credit hours of WASH-related coursework, with at least one methods-related course and one biology-related course and a cumulative GPA of 3.3 or greater for all WASH courses;
- Sign-in sheets at the Center for Global Safe Water seminars show that the student has attended at least two per year (4 total); and
- The advisor/supervisor's signature below confirms the student has completed a WASH-related practicum OR is in the process of completing a WASH-related capstone/thesis.

The deadline for submitting verification forms is February 15th for spring graduates, July 1st for summer graduates, and September 15th for fall graduates.
