## Graduate Certificate in Water, Sanitation, and Hygiene

### Thesis, Capstone, or Practicum Provisional Approval Form

WASH certificate-seeking students who plan to use a WASH-related capstone/thesis/practicum that is not supervised by a CGSW faculty or staff member must apply for provisional approval from Dr. Joanne McGriff, the CGSW Associate Director, prior to completion of the capstone/thesis/practicum. Without this provisional approval, there is no guarantee that the capstone/thesis/practicum will fulfill the certificate requirement. Even with provisional approval, the student will still need to submit a verification form prior to the third month of the student's graduation year.
